ACKNOWLEDGEMENTS

Debbie Brockway Fahey: Had the meetings at her house, no wonder we didn't loose the extra pounds.

Butch Degree: Donated printed materials - so he wouldn't have to come to meetings.

Teresa Douglass McReynolds: addressed and mailed envelope after envelope; kept everyone on the up and up.

Susie Fagen Mahoney: Cracked the whip.

Terri Hamby Welker: Said she would help in any way she could, so she stayed away.

Judy Hamilton Bradbury: Took care of decorations, did what she was told. (Not surprising, huh)

Terri Jensen Quinn: Made name tag buttons, kept us up until the wee hours of the morning.

Cheryl Kerkoch Parker: Organized babysitting. Simple task after living with Leonard for 17 years.

Leonard Parker: Provided asked for and ALOT of unasked for advice.

Tom Riley: Collected the money and watched basketball games during the meetings.

Katie Rogers Miller: Motivated us from far, far away places.

Dennis Koho: Helped gather addresses looking for a friend.

Special thanks to **Pam Gomez** and ' **MACK** ', who without them this book would not have been possible.

REMINDER: When moving please keep in touch by notifying the Class of '69 Reunion Gang, P.O. Box 1731 Bend, Or. 97709.

ARMSTRONG, Linda (Jim Reckling)

"We have been living in N.Y. for a little over a year and will move back to Bend after a few years. Its very different here on the East coast. It's not to bad but it's not Bend, OR., which we miss alot." Manager of a Wine & Liquor Store. No Children.

ARNEY, Susan (Ken Greiner)

"Ken and I have been married for 16 years now. We have a daughter Stacy - 14 & a son, Ryan - 11. We still live in Bend where my husband is employed by DAW. I am employed at Bend Millwork Systems running an Industrial Management System."

BACKSTROM, Bob

"I haven't done anything real exciting since high school. In '72 I went down to see my sister, Bonnie, in New Zealand and stayed for 3 months. I also spent about 5 years in Japan. I was living about 45 miles north of Tokyo in a farming area. I think that Rich Young and Alison are still in Tokyo. I only saw them once, but that was fun. Where I was there was alot of narrow roads and not too many cars. I had a great time riding my bicycle. Toward the end of my stay, I started playing ping-pong, which I am continuing to do here. I kinda like cooking, but don't care too much for housekeeping. One thing about high school though, it would be nice if they had a few more minor sports like ping-pong, badminton, gymnastics, swimming, etc. Actually, those aren't really that minor, we just didn't have them."

BALLARD, Sheila (Martin Millage)

"The first year after graduation I was in a car crash that almost made this a very short paragraph. I spent six months in the hospital and nineteen years on crutches. I have studied to become a speech pathologist, a disc jockey, and beautician. I married a man who is in the navy. We have a beautiful 6 yr. old daughter. I am working on becoming a computer consultant and a writer. I am currently doing data entry for a market research company and for a nationally syndicated columnist. I remember the Spanish reading room gang, Mr. Bethany's perpetual smile, singing "Gloria" on the bus to anywhere, Syd Parlours graduation speech deviation, wondering where I fit in, wanting to be cool but knowing I wasn't, plays, football games and listening to Sgt. Pepper for Honors English."

BARACKMAN, Doug (LeeAnn)

In Management. 2 Children, Ryan - 12, Trisha - 10

BARNER, Linda (Gary Vannice)

"The year after the 10th reunion, I spent 1 year in the artic in an Eskimo village. I have been living in Lake Tahoe for 9 years. Psychologist. No children.

BARNETT - WILEY, Bob & Patsy

"Bob and I have been married almost 16 yrs. We have lived in Bend that entire time. In fact, Bob and I were both born here, as well as all three of our daughters! We enjoy doing things with our family and friends. We also work with the youth in our church." Route Salesman / Teacher Daughters, Gina -12, Lynae - 9, Khara - 7

BECKLEY, Bill (Katie Wheeler)

"I am still working for Kaiser Foundation Health Plan. I am supervisor of Pharmacy services for Vancouver Medical Offices, Vancouver, Wa. I have been divorced since 1984 and have been living "in sin" since 1985. I still hunt and play golf occasionally. Katie and I have purchased a view lot over-looking the Columbia Gorge and Mt. Hood. We hope to begin building within the next year or so. Special memories include: Listening to the Doors while trying to puke in a beer bottle (quart); smoking rasty cigars (Swisher Sweets) at VFW Hall dances; accidentally pouring 1/4 keg of beer into the back of my dad's pickup.* Son, Andrew - 8

BENNETT, Jill

"Hello everyone! Well, my goal since our 15th reunion was to move from 1107 NE 8th, Bend, (the home I grew up in - and no, I didn't live with my parents.) I moved from this beautiful town of ours in May 1989. After 15 years in Financial and Dental Management I quit my job in August of '88 and did what everyone else seemed to do - worked at ML Bachelor and skied for part of the winter, then spent the rest of the winter in Mexico - FUN TIMES! Best thing I have ever done for myself. Now, I am going to spend a couple of months in Yellowstone Nat'l Park working in Sales and PR for a resort. Then return to Oregon - Newport - where I will try to resume a more stable life as an accountant and office manager for a company out of Seattle. As of this writing I do not know if I will be there for the reunion, but will be thinking of all of you, and missing everyone."

BERGSENG, Rick (Danna)

"I spent 3 years in the army (military policeman), married in 1974, attended Bible college - youth pastor. Presently enjoying life with my family and profession. I am a paramedic with a private ambulance service and CPR coordinator - instructor for the Northern California Training Institute.* 2 Children, Scott - 6, Erica - 3

BRISTOL, Ann (Bruce Willis)

"After meeting Bruce while we were both at R.L.U., we married while he was in dental school in Seattle. We spent 3 years living in Germany which we loved. That was where our daughter, Brita, was born, and it was too far to come for the 10th reunion! Andrew was born the year we lived in Olympia. We spent 2 years in Washington D.C., where Bruce was at Georgetown for an orthodontic residency. We enjoyed living in different areas but have been happy to call Yakima home for the last 7 years. I'm involved in lots of the kids activities like PTA, Sunday school, Camp Fire, Cub Scouts, etc., plus various community organizations, so I'm enjoying life." CARPENTER, Brent D.(Sally)

"20 years is a lot of time to reflect on, but I gave it some thought. I've come to this general conclusion. I haven't done anything really spectacular, but I haven't made any major screw-ups, either. I am pretty happy with my life, fairly healthy, not wealthy and on very rare occasions, wise. I now believe that gray hair is distinguished." Police Officer 2 children, Jason 13 - Jeremy 12..

CARTY, Maureen (Bob Pullen)

"In 20 years I guess I've come the full circle. After graduation I moved to San Diego, Ca. Since then, on to Alaska, back to Oregon, and now am back in Southern California - Barstow to be exact. Barstow is in the high desert mid-way between Los Angeles and Las Vegas, also close to Palm Springs. I have 5 beautiful children - Yaughn 18, Carolyn 12, Bobby 6, and twin girls, Fallon & Nicole 5. I am married to a super guy, Bob. I work for Thomson Newspaper chain as head accountant. (Yawn-ha-ha) As a sideline I've been doing a lot of gospel singing-contemporary/pop gospel - and have done concerts in Oregon and Idaho. I am really looking forward to FINALLY being back!!!"

CORNFORD, Sara (Greg Edwards)

Since the 10 yr. reunion my life has changed drastically. I had been working as a bookkeeper when the Christian school my daughter was attending closed down. Because there isn't any other Christian school in all of Columbia county, we were lead by God to teach her at home. So far the past 3 years, I have done home study with her. It has been wonderful for our family, I quit work and devoted my time to my family, and God has richly blessed us. The flexible schedule of Home Study fits right in with Greg's changing shifts at work... Out of this came an opportunity for me to lead an inductive Bible study. I am now leading a class in teaching in-depth study skills of the Bible thru Precept Ministries... I feel that it's important to mention and give honor to those classmates who are no longer with us. I think mostly of Dianne Baur and Joyce Thomas Dyer only because I was closest to them, but I know there are many more." 1 daughter, Mandy - 11

CRIBBINS, Cheryl (Scott)

"Since our 10 year reunion I have lived in Oregon, Montana, Alaska, Washington, and back to Oregon, but have been back in Bend since 1984. When not at work I spend my time chauffeuring kids to school sports and activities, 4-H meetings, and horse shows. I am involved in various organizations and when there is any time left over I horseback ride. I love to pack into wilderness areas on horseback and have ridden much of the Oregon Pacific Crest Trail. Linda Bailey and I have spent our last 3 summer vacations packing and hope to do some of the California PC Trail this year. Special memories: Watching Cam Healy steal a little motor boat at Prineville reservoir to go across the lake at 2:30 A.M. to get Jerri Lesley's big boat to come back and get all of us and take us back to camp after a VFW dance in Redmond. Double dating at the Homecoming Dance with Tom Riley and Mary Jill Uffleman. Linda Degree's "night gown". Escrow Officer. 4 children, Cam 14 - Angie 13 - Chrissi 11 - Lavonne 9.

DEGREE, Linda (C.W. "Tug" Bailey)

"Since our last ten year class reunion I have turned into a raving ___hole, I lost all my old friends, the doctor says with just a few minor adjustments I might turn around into a mild mannered semi-raving ___hole. I live in California and have been there almost two years now, own a few horses and love to ride and camp out in the mountains. Special memories: The Valetines dance - year ? - dancing with Steve Perrigan (wearing false eyelashes for the first time). We were dancing slow, someone bumped into us and my eyelash stuck on his sweater, the only thing I could do was grab my eyelash and run to the bathroom with no avail in getting it stuck back on." Contract Administrator 2 children, Jamie - Josh.

DEVEREAUX, Kathy (Dave Goodwin)

"After moving around between Oregon and California following business college in Salem, have found my niche in Sisters for past 11 years. Married 9 years to Dave Goodwin, son Nathanael Devereaux Goodwin (Nate), 6 1/2 years. Owner Sisters Real Estate. Don't sell real estate - more behind the scenes minding the legalities & technicalities that keep us on the up and up. Big on landscaping and remodeling projects. Summer time is favorite, and it's unusual if we're not up at one of the lakes 2 or 3 times a week. Will be in Chicago (yuck) during the reunion. Have a blast!!"

DICKENS, Donna (Ken McMurry)

"I work at Bend Troy Laundry and Dry Cleaners and at Cascade Transport. I enjoy both jobs. Last summer I cocktail waitressed for the Class of '68's reunion. DOUGLASS, Teresa (McReynolds)

"After high school, a year at COCC, a year at Marylhurst, partial year in Salem, return to Bend, 7 1/2 years of marriage, 3 blonde children, and a divorce, life has calmed down. The last six years have been the best years of my life which, considering I do child-care in my home and see my children edging into the teens, makes you wonder how bad it was before!!! When George left, I worried about who would teach the boys to fish and play ball, but soon I discovered I could hook a worm and play catch, even if I do throw like girl. I find great joy in my God, children, extended (!!) family, friends and life in general." 3 Children, Mary - 13, Matt - 12, Mike - 9

DYER, Mike

"I'm presently on a job in Kalispell, Montana. Hope to make it to the reunion."

In the last 10 years I have done approximately 7,280 loads of laundry (but who's counting?)." 4 sons, Stephen - 13, Aaron - 11, Jonathan - 9, Joshua - 4

I managed the winery. Had another baby. Still running the winery. Now looking for a law job again. That's it so far. I remember teasing Laurie Smith (English Teacher) who is now a Circuit Court Judge in Eugene, who I would never think of teasing. I remember Mr. Hegg saying "Let us ..." which Janet Putnam & I always interpreted as "Lettuce" to begin a 1 hour giggle." 2 Daughters, Kira - 2 1/2, Maija - 3mo.

FAGEN, Susie (Sean Mahoney)

"I moved from Bend in '67 and graduated from Kennewick High School, but my heart was always in Bend. I went to the local junior college and received a AA in law enforcement, which has come in handy in dealing with a husband and 4 children. I married, divorced and remarried a great guy from Bend. I have worked off and on throughout my life as a clerical employee for the state, Driver's License Examiner, sales clerk, etc. I enjoy volunteer work mostly and usually find myself up to my ears in some sort of "Do good" work! Our daughter, Marian is 19 and a sophomore at Pacific University in Forest Grove. Tim is 15 and scaring mom with his driving. Matt is 7 going on 13 and Tyler is 6 still thinking mom's lap is the best place to be."

I'm sorry to miss the reunion, but have other commitments. Have a Happy Twenty Year Class Reunion." Loan Servicing Clerk Spouse: Safety and Health Officer.

JENSEN, Terri (Quinn)

"Hi, friends. It's hard to imagine 20 yrs. have gone by since our last days at B.H.S. The time has just slipped by. What is equally hard to imagine is that I have been married for 19 of those 20 years, and all to the same man! We have five fantastic children, and are we ever busy. We have Gabe, 16, and Melissa, 14. They are both in high school. Chris is 10 and Gina is 8, and they are both in grade school. Then we have Phillip, 4, who is last but not least. He's at home with Mom most of the time. I've lived in Bend most of the time since high school. Mike, my husband, is an electrician in construction, working for the Federal Government, so he travels and the kids and I keep the home fires burning. See ya soon!"

MAKER, Larry

"After graduating from Bend Senior High, I went to COCC for a few years. I then played music professionally for a couple of years. I have been working in the Hospitality Industry (hotels) since 1972. During this time, I was in California for three years and Chicago for six years. Currently, I am in Seattle at the Stouffer Madison Hotel as Chief of the Engineering Department. After "living in sin" with Judy Keith for approximately eleven years, we finally got married in June, 1984. Since I missed the 10 year get together, I am especially looking forward to the 20 year reunion."

O'KEEFE, Greg

"Unmarried, still looking for the perfect woman. Gonzaga University, Class of 1973. Moved to Seattle from Spokane in 1977, to Anchorage in 1983. Took a trip around the world in 1980 - extensive travel for fun and business. Life has been very good to me and the future is bright. Sorry I can't make it for the reunion, but will be at Sunriver 8/3 to 8/8/ for family reunion." CPA/Consultant

POTTER, Kendra (Hillis)

"Greetings upon our 20th year reunion! Unfortunately I won't be there because my job as a window dresser, display designer, and salesperson at a gift shop in St. Helena demands my presence during our busiest season. To let you know briefly where I've been and what I've done during the last ten years: In 1979, shortly after our last reunion, we moved from Bend to New Mexico. I worked for the Museum of Mexico in Santa Fe until 1983 when we moved to the Napa Valley here in California. Since then I have worked at wineries in sales and public relations as well as at my present job. I live in a lovely little house in the hills west of St. Helena with my standard poodle and big orange cat. My 16-year-old daughter, Andrea, attends an excellent private school where she is a straight-A student. I had my first solo show of my water-color paintings in 1985, and in the spirit of '69, continue to put a lot of time and energy into my creative endeavors -- as well as attend an occasional Grateful Dead concert! For the last year I have been close to a wonderful man (also a '69 graduate from St. Helena High) who is in the electronics field and is about to open his own Radio Shack dealership. I extend my best wishes to you all at this time and invite contact from any of you who may be so inclined."

WILHITE, Bob

"I regret that I'll not be able to come to the 20th year reunion, as I'll be in Hong Kong dealing with alternate suppliers for mainland items we're sure will be jeopardized by the political problems in China. It's ironic that this so-unusual a problem will prevent me from coming! I had looked forward to seeing you and all my friends so very much. Perhaps we'll have the opportunity to have a 25th year reunion? Best wishes to all."

WILSON, Linda (Jensen)

"Divorced for the last year-and-a-half. Obviously still in Bend. Work at Central Oregon Building Supply. I don't really do much of anything other than work six days a week. Jenni lives with her dad here." "Bookkeeper Jenni 16

GOLDSMITH, Kathy

"I went 3 years to U of O, majoring in literature - then I went to nursing school at Mt. Hood C.C. and came back to Bend. I've been working at St. Charles Med. Ctr. as an RN since then (about 12 years) and the last 6 years I've been in the Intensive Care Unit. I really like my job and I love living in Central Oregon - having all this beautiful area in my back yard. I play in it alot."

GOTCHY, Bob

"Been living in Utah the last 7 years. Have been driving a truck coast to coast for the last 9 years. SINGLE!!"

"It Seems I never left school! From High School; to college; to teaching; to school administration. Though there are serious problems facing education today, it is a rewarding and challenging profession. I have been the Principal of Jefferson Elementary School in Medford for the past five years. I have managed to keep my sense of humor intact (not easy with mouthy kids) visited with classmates still here after 20 years (and there are a few of us die hards!) and settling down to live middle life my teenage years all over again and that including learning to ski at age 36. HAYS, Rev. Vance (Connie)

"Twenty years after high school, fourteen years after leaving Oregon, I have returned--this time as the pastor of a small church on the southeast side of Portland. How I came 'round to this is something of a saga. My college days were spent (mostly) at the University of Oregon. After 6 years (including a year off for bad behavior at a now-defunct furniture mill in Bend), I finally left with a Journalism degree in hand. What was supposed to happen after that, I didn't know. But two things had crossed my mind: I had a growing interest in the Christian faith, and a desire to spend more time in the university environment. I was able to scratch both itches by signing on with the Inter-Varsity Christian Fellowship, a non-denominational group which carries on a ministry at college and university campuses around the country. They sent me to Salt Lake City. I spent a total of nine years in this line of work--all in Salt Lake--and enjoyed it tremendously. Met my wife, Connie, through the organization, also had opportunity to take two Masters' degrees along the way--one in biblical studies, the other in "divinity" (not to be confused with the Christian confection) My studies took me to a Presbyterian seminary in Philadelphia, PA, and later to Grand Rapids, MI There I studied at Calvin Theological Seminary, the school which educates pastors for the Christian Reformed Church, the denomination to which I belong...I was delighted when, last Fall, the Calvin Christian Reformed Church in Portland asked me to be its pastor. It's great to be close to home, and we anticipate being here for many years to come. Connie & I (married 11 1/2 years) are proud parents of four-going-on-five children. Alison is 7, Julia 5, Graham a robust 3 and Andrew just a baby at 1 1/2. Our newest addition should make his/her entrance in early September."

My younger son is into water-skiing & soccer. Two years ago, July 31, 1986 while I was in Bend getting things taken care of after my mon had died I had a severe heart attack. It was fortunate that there is a great heart surgeon there now. He did emergency surgery on me. I was at the hospital for 2 1/2 weeks and then transfered home. I was also told if I didn't get a new heart in the near future, it would be lights out. So when I came back to Seattle, I went through many tests and in November of '87 I was put on a transplant list. On January 31, 1988, I received my new heart. I moved to LaGrande where I met my husband and we moved to the coast and lived in Seaside and Reedsport for 5 1/2 years. Then about 10 years ago I talked Guy into moving to Bend. Since we have been here we have owned a Janitorial & Maintenance Business, then I went back to COCC for a year & took some computer & accounting classes, after which I worked as an office manager at an insurance agency for a few years while my husband switched occupations & got into carpentry. METKE, Mark

"My wife of 18 years & I are getting a divorce, separated since 1/25/88. I have two girls, Meaghan 17, and Maren 13; and well all that means - being 17 (remember !) and 13 (can you ever forget!). I've been working as an electrical engineer for Coffman Engineers of Seattle for the last 5 years. This followed a 14 year career as a journeyman Electrician and Electrical Contractor in Idaho, Oregon (Bend) and Washington. I really enjoy this new line of work because of the daily challenges and . . . best of all. . . I get to "play" on my ; MACINTOSH II all day and get paid! I still have a full beard left over from the 70's but contracting contributed greatly to the "silvering of my hair". "Since separating over a year ago, I grew to 6'4", became a triple millionaire and spend most of my time yachting around Tahiti. I do, however, have to make a few trips to visit my oil wells in Anchorage once in awhile. And if the Mercedes has one more flat tire, I'm going to fire the chauffer." (Sure thing, Mark!!)

MORRIS, Sherrie (Bryon Nelson)

"I am now living in Fort Collins, Co. - very similiar to Bend, weatherwise, much larger though and without the evergreens, or at least not as many. I am very happily married and have a wonderful daughter, KeriAn 15, soon to be in high school. (Am I that old already?) I work with the chronically mentally ill and really enjoy it. Life around our house is very hectic, with two dogs, one cat, four birds, two ducks plus our work and house to maintain. I have very fond memories of Bend and of my school years there, but I wouldn't trade my daughter her place for any amount of money. Ha! I wish you all a very happy reunion." MYERS, Rick (Ingre)

"Well, in the last 20 years I haven't made a million dollars, haven't gotten a divorce and I'm still living. '70-'72 I fulfilled my service time with 1year in VietNam and 18 months in Germany. '71 was the year I married my wife, Ingre, who is a RN at SCMC here in Bend. Also, I'm the proud father of 2 boys, Ned 14, and Neil 9 1/2. Shortly after returning to the states I started work as a heavy construction laborer. This line of work took my family and myself to most of the north and southwestern states. Over the years I managed to work up to heavy equipment operator and gained some excellant experience. '87 brought me home for good, as I took a position up at Mt. Bachelor as their Snow Removal Manager in the winter and a heavy equipment operator in the summer months. Over all, the past 20 years have been pretty darn good and I think the next 20 years will be even better."

MYERS, Shella

Some special memories include PEP club initiation, being picked up in the early morning hours with only our p.j.'s on and taken to BSH. Various things were done to us, including catsup and other foods poured in our hair. . . and then the time it took to wash it out!!! So many other memories, also . . . the football and basketball games, the dances, the classes, and teachers, and the friends. . ." 2 children, Larissa, 20 - Jubal 12.

I started a fledgling card company, specializing in greeting cards for swimmers. Our family has been totally immersed in swimming for the past 10 years, so we decided to recoup some of our money. "I am happily married to Bob Jensen for 15 years. No children. We have lived in Bend for the last 15 years. We have traveled extensively in the Western U.S. and Canada as well as the islands. We hope to go to Alaska in the near future. Bob has written a book about Newberry Crater and is starting his next book. Our summers will be devoted to traveling throughtout the state of Oregon to gather information on the geology and history of the area for his second book. Because of my interest in history of the area I will be doing the history research for this book. In '85 we sold Pedersen's Bakery. I retired for 18 months and then went back to work for the U.S. Forest Service as a field interpreter at Lava Lands Visitor Center. I interpreted the caves, geology, and history of our area. I lead cave tours for Japanese as well as visitors from Russia, France, Germany, England, Scandinavian Countries, and Poland. While I was employed at the center I wrote a brochure for Lava River Cave, a Teacher's Guide to Lava River Cave and wrote and designed the signs for the Rim Trail at the top of Lava Butte. With my interest in history I helped supply information on Wyeth, Ogden, Newberry, Fremont to a professor at Berkley for a paper he is writing. Before coming into the job I have now, I designed some displays for the lookout, which will be done at a late date. I am currently working in the Public Affairs Office at the Supervisor's office in Bend. I still interpret areas for the public as well as answering questions about other forest matters. I am keeping the archives of photos and slides of the area that the forest has. I have found many of these are of historical value."

RICE, Dennis (Sheila)

As quoted to Tom Riley over the phone 5 minutes before the deadline for the book: "Last 10 years moved from Portland to Denver in 1980, switched jobs in '82, moved to St. Louis, moved back to Denver in '87, possibly moving to Detroit. Some special memories are Rollie Sims siphoning gas in the high school parking lot. "I#&#" Mr. Gaylen, 25 guys wearing Letterman jackets in Mr. Russell's class! Running the film projector while ___-faced, getting straight "A's" my senior year and the trip to Salem with Riley the same year."

I am a PE Assistant at Washington Elementary with grades 1-6. Approximately 525 students a day. Doing both jobs from Sept.-March was a very good challenge. April 1st, I quit the rental job. Life is a little slower now. I have taken some classes this year and really enjoyed being back in school. Willie is going to ITT in Portland and looking forward to having a new job working with computers."

ROBINSON, Jill (Bill Lang)

"The Portland area continues to provide satisfying home and work situations for Bill, Kara, Bryan and me. I thoroughly enjoy living here and have done so for 14 years. Bill was born and raised in Portland, so city life is second nature to him. Kara will begin 1st grade in the fall and is excited to be so grown up. Bryan would like to do everything Kara does (and often tries) but must be content, at this point, to chase and tease her. We have a good life and anticipate continuing in much the same direction in the future. Special memories: Teachers, Student Council, Pep Club, Pep Assemblies, Spirit Weeks, Drill Team, "Carousel".* Elementary School Teacher 2 children, Kara 6 - Bryan 1yr. 4 months.

ROGERS, Katie (Jim Miller)

"Oh, if I could only recap the last ten years in a few sentences. But that's not really like me, as you all know. For the last ten years, for the most part, life has been wonderful. The "Three Muskateers" - Kristi 16, Jolie 15, and Scott 12 - are teenagers and in the throws of rising hormone levels and puberty. Remember what that was like? Kristi has changed her life-long vocation from a nuclear physicist to professional cheerleader; Jolie has changed from veterinarian to pediatrician; Scott no longer wants to be a criminal and is settling for professional baseball star with a minor in eating me out of house and home. I am a working stiff in the true sense of the word, devoting a 100 hours a day to court reporting and transcription. I love working with attorneys - all of them are fascinating individuals; some abrupt, others abrasive, others shy -- all rather intelligent and good conversationalists. One would think with my ability to argue with my children, my abrasiveness, my abruptness, my ability to converse on a "lower than 40 year old" age level, I may have made a decidedly fine attorney. Health problems have plagued me; my beloved father passed away; my husband travels a good deal of the time - those are the things that haven't been so good. On the converse of that, I have been fortunate, considering the health problems, that I am still alive; I have wonderful memories of my father

and he will always be with me; and I learned, with my husband being away so much of the time, that I am a much more capable person than I thought I was. My thoughts on life are: No matter what tragedies we go through in our lives; no matter what devastating problems we must overcome; no matter how much we wish our lives were better or different, isn't it nice to wake up each morning and smell the fresh air, see someone smile, kiss a kid, eat a hot fudge sundae, and just be able to live!"

THOMPSON, Scott (Jeanne)

Scotts update on himself was longer than Katie's if you can believe that so we've condensed it down considerably. He will be in town Aug. 2-11,'89 if anyone would care to hear the "rest of the story"! . . . SOCC after graduation, married Nicki Barrett, had our first rugrat(Brian). Managed to get through college with considerable help from Arlie Seems, Mike McCool, Randy Gravon, Dave Kremers, Bob Carson and Olympia beer. My first job after college was for the US Navy as an aviator (as I'm still doing). . . went to Pensacola, Florida in Sept. '73 for more training . . . our second rugrat (Tony) was born . . . received my "Wings of Gold" and packed for California. Traveled extensively everywhere, Far East, Europe, Pacific Seas. Was in the Indian Ocean for the Iranian hostage rescue attempt "(not flown by the Navy probably why it was screwed up)" and the eruption of Mt. St. Helens. Shortly afterward, Nicki got tired of Navy life and we divorced. One year of bachelorhood later, I met my current wife, Jeanne. The next few years I spent as a flight instructor and made another tour of sea duty. My vision started to deteriorate to the point where I could only be allowed to fly ashore. This saved me from another tour of sea duty!! I flew the Navy version of a Lear Jet (called the T-39 Sabreliner). I made Commander and am currently Strike Operations Officer of USS Independence. One more cruise and hopefully I will get orders to stay in San Diego where I retire in July '93. Flying for the airlines will most likely be next. "

"I am currently 20 years closer to maturity than when I was trying to spend as little "quality" time as possible at BSHS. Chris and I have grown with 20 years of marriage and two sons running rampant through "teenagery". At this time most of our senses are in tact, give or take a couple of small things we didn't use much anyway.
